TRASH THESE THINGS

Wayland Organic Waste (WOW) Program

Composting at the Transfer Station is a convenient, environmentally beneficial, and cost-saving way to handle your organic waste.

- *Clean and readable books may be placed in the Book Box. Book Box closes at 3:00PM
- *Leaves and grass clippings may be disposed of in the yard waste area.
- *Electronics disposal is the first Saturday of every month: \$25 per item, \$45+ per CRT/Projection TV
- *Give and Take area is for items in good to excellent condition - No broken items, electronics, or wood furniture.
- * Residential Service Only - No Business or Commercial Items No RENTAL TRUCKS or TRAILERS No Hazardous Materials (explosives, ammunition and other dangerous or prohibited materials).

The Town of Wayland is pleased to provide trash and recycling disposal services at the Transfer Station. The Town offers "green" recycling of metal, styrofoam bubble material, electronics, oil, batteries, tires, mattresses & box springs, yard waste, give-n-take items and textile materials & composting. Additional services include paper-shredding events and rain-barrel & composting bin distribution.

Entry to the Transfer Station requires an active Sticker or the purchase of a \$40/Visit Pass.

Town costs to dispose of bulky waste items (non-recyclables too large to fit in PAYT (Pay As You Throw) bags) has caused the Board of Public Works to institute a per-item and volume-based fee for such materials.

Residents with an active Transfer Station sticker may pay these disposal fees at the Transfer Station at the time of disposal. These fees do not apply to single-stream recycling or household trash in PAYT bags.
